

Packaging Technical Specification – PPWR Assessment Ready

General Information

Company: Prodeen Foods
Packaging ID: PF-PET-500ML-STD
Application: Carbonated Soft Drink Bottle
Country of Manufacture: Italy

Material Composition

Primary Material: Polyethylene Terephthalate (PET) – 70%
Recycled Content: 30% rPET (post-consumer)
Additives: Food-grade stabilizers, acetaldehyde scavengers
Closure: HDPE cap with PP liner

Physical Characteristics

Height: 210 mm
Diameter: 65 mm
Weight: 24 g $\pm$ 0.5 g
Volume: 500 ml nominal
Pressure Resistance: Suitable for carbonated beverages up to 6 bar

Design for Recycling

Clear PET body compatible with EU recycling streams
Label: BOPP with washable adhesive
Cap tethered (compliant with EU Directive 2019/904)
