

Raw Material Specification

Code: 1072

Material Name: Roasted Hazelnuts

1. Description

Whole or chopped hazelnuts that have been dry-roasted to enhance flavor and aroma, used in confectionery and bakery products.

2. Composition

Component	Percentage (%)
Hazelnuts	100

3. Physical and Chemical Properties

Parameter	Specification
Appearance	Uniformly roasted brown nuts
Odor	Characteristic nutty aroma
Taste	Rich roasted nut flavor
Moisture	≤2.0%
Oil Content	≥60%
Defective Nuts	≤3%

4. Microbiological Standards

Parameter	Limit
Total Plate Count	≤10,000 CFU/g
Yeasts & Molds	≤100 CFU/g
Coliforms	<10 CFU/g
Salmonella	Absent in 25 g
Aflatoxins (B1+B2+G1+G2)	<10 ppb

5. Allergen Information

Contains tree nuts (hazelnuts). May contain traces of peanuts and other nuts.

6. Packaging

Packed in vacuum-sealed or nitrogen-flushed food-grade bags to maintain freshness.

7. Storage and Shelf Life

Store in a cool, dry place at 10–15°C. Shelf life: 12 months under recommended conditions.

8. Country of Origin

Produced from cultivated hazelnuts (*Corylus avellana*), origin depending on supplier (e.g., Turkey, Italy).
